

Yes, I know strange things happen at Sainsbury's. As a regular visitor to their expanding St. Clare's store in our parish, I am often amazed at just how much our tastes change and our appetites increase. However, a most peculiar coincidence has occurred over the last 24 hours. I went, in dog-collar, to do the weekly shop, my mind full of potential "bogof" s (buy one get one free!) and a touch of indulgence over the cheese counter. But it was over the new potatoes that the strangest thing happened. Actually, there weren't many new potatoes to be had, they had almost run out, just a few miserable specimens in the bottom of the box. So I asked the assistant nearby if she had any more. "Am I the widow of Zarephath?" she replied. Somewhat taken aback I replied that if she were, then she would undoubtedly find some more if she would care to go and look in the store room.

You will of course remember the story in 1 Kings 17 of Elijah coming hungry and thirsty from the desert to Zarephath and meeting a lady who was lighting a fire with a few odd sticks. Elijah asks her for a little water and some bread. She replied that she doesn't even have enough to feed herself, let alone Elijah. Unperturbed, Elijah promises that if she gives him as 'the man of God' to eat and drink, then she will never again run out of flour or oil. So the woman feeds Elijah and indeed she does not run out of provisions.

Next day, at Morning Prayer, the Old Testament reading just happened to be Elijah and the widow of Zarephath. Was I being told something? Certainly it made me stop and think - just what are we putting as the priorities in our lives? It's a serious question.

What is your priority?

Now I wouldn't necessarily take the widow at Zarephath story literally. For me, it speaks most powerfully as an image of how we choose to order our lives. Elijah challenged the widow to put God at the centre, to rely on God's unchanging love to bring changes into her life. I do most firmly believe that if we can put at the very core of our being "love God and love your neighbour as yourself" then our lives can be, and will be, radically changed.

Change is the theme of our parish weekend later this month. Not many of us relish change but if, like Elijah and the widow of Zarephath, we dare to place God centrally in our lives then we will change - our actions, our thoughts, our opinions, our whole lives, and the lives of others, will change. It's a huge risk, but only you can decide to take it!

P.S. The Sainsbury's assistant found more new potatoes!

"He said if we could spare him a drink of water and a morsel of bread, we would never run out of flour and oil!"

## MONTHLY "FIRST - THURSDAY" COMMUNION

As you will have seen in the August "Spire", we have a new addition to our regularly-held services. On the first Thursday of each month there is a celebration of communion at 2.00 p.m. in the church. The first service was held on the 2<sup>nd</sup> September; the next will be on 7<sup>th</sup> October, the 4<sup>th</sup> November and 2<sup>nd</sup> December.

This service is intended primarily for those people who cannot easily or conveniently come to the Sunday services. It also provides a refreshing weekday oasis for anyone who values the quiet companionship of such a short act of worship in addition to the longer Sunday parish communion. There were fifteen participants at the first service; the cup of tea in the hall after the service gave us an opportunity to talk to friends whom we perhaps do not see very often.

If you would like to come to the service but find transport difficult, speak to the vicar or one of the churchwardens.

### STEWARDSHIP SUNDAY - 21<sup>ST</sup> NOVEMBER

#### INFORMAL SERVICE - SUNDAY 7<sup>TH</sup> NOVEMBER

On these Sundays we will particularly consider our more material commitment to the community at St. James's. This will be part of our worship and prayers during the Parish Eucharist. After both services, members of the stewardship committee will be available to answer questions and provide covenant forms, standing order forms and envelopes as necessary.

This provides an opportunity for us all to:

- Find out about the stewardship scheme and join at whatever level we feel able.
- Review our current giving under stewardship and renew covenants or pledges if necessary.
- Consider covenanting if we are a taxpayer and do not already do so. This provides an extra 30% income to the church.
- Consider other ways to give to the church. For example, legacies in wills.

## THE POISONWOOD BIBLE BY BARBARA KINGSOLVER (FABER AND FABER)

The story of an American family in the Belgian Congo during a time of tremendous political and social upheaval, "The Poisonwood Bible" is told by the wife and four daughters of Nathan Price, a fierce evangelical Baptist who takes his family and mission to the Congo in 1959. They carry with them all they believe they will need from home, but soon find that all of it - from garden seeds to Scripture - is calamitously transformed on African soil.

This tale of one family's tragic undoing and remarkable reconstruction, over the course of three decades in postcolonial Africa, is set against one of history's most dramatic political parables. It dances between the darkly comic human failings and inspiring poetic justices of our times. In a compelling exploration of religion, conscience, imperialist arrogance, and the many paths to redemption, Barbara Kingsolver has brought forth her most ambitious work ever.

There will be a sale of Charity Christmas Cards in the hall  
at 10.45 a.m. on SUNDAY 10<sup>TH</sup> OCTOBER  
after Parish Communion.

## LAWRENNY CHURCH

Our church in Wales is St. Caradoc's, Lawrenny. It is medieval and recently received a lottery grant to renovate the exterior (in the same lime putty we are putting on the outside of our house). At present there is no incumbent, the previous Vicar having left to become an army chaplain, and so we have a number of visiting clergy from the nearby area - mostly elderly Canons! Lawrenny is one of four churches in a rural parish, which covers a wide area. The liturgy of the Church of Wales is very similar to ours - the ASB with all the "thee's" and "thou's" still in. The congregation is small, and though most have lived in Lawrenny all their lives (and their families before them), they make us very welcome. One day we may persuade them to Pass the Peace!

## ECLIPSE EXPERIENCES

We saw the eclipse from a cliff-top in Cornwall. We could see for miles in either direction around the bay, but as it was heavily overcast we saw nothing of the sun. However, the minutes of darkness were very impressive and the twinkling of flashbulbs all along the coast took us by surprise. We marvelled at all the efforts that were made to embellish a natural event.

*Paul and Ann Peterken*

The Miskins (Andrew, Caroline, Jamie, Tom and Andrew's father Leonard) travelled to the Saltzkammergut to see the eclipse. Mondsee was right on the line of totality and the edge of the lake turned out to be the perfect spot. The morning started out heavily overcast but cleared quickly and the last wisps of cloud disappeared just before totality. Leonard had arranged his own method of projecting an image of the eclipsed sun onto paper using a pair of spectacles. The experience was extremely moving despite it being lighter than expected at totality. Perhaps Tom will make it to the next UK opportunity in 2090!

*Caroline Miskin*

I went to Slapton Sands in Devon with my brother Tim. There were many hundreds on the beach and dozens of small boats out at sea but as it was cloudy we could not see the sun. We noticed the stillness and drop in temperature and saw what looked like a huge black storm coming from the west although it was still bright on the eastern horizon. It gave the impression of a huge dimmer switch being operated. We could see thousands of flashbulbs for many miles along the coast. Then the light seemed to return even more rapidly than the darkness had come beforehand. Although we did not actually see the sun, it was a most interesting experience.

*Pip Rowett*

Michael, Matthew and I travelled to Crevecoeur, near Beauvais, to be on the centre-line of totality. We set up our cameras and screen on the edge of a cornfield under a clear blue sky. At first, little seemed different, although we could see through our glasses that the eclipse had started. Then it grew cooler and the light became quite eerie. Just before totality, the birds stopped singing and everything was silent. We had a wonderful view of the total eclipse and the "diamond ring" effect. As the light started to return, we heard a cock crow in a nearby farmyard. It was indeed a moving and memorable experience.

### **No pay; great job satisfaction!**

Would anyone be interested in becoming the  
**PARISH PUBLICITY OFFICER**

This would involve producing posters and notices  
and making contact with the local radio and press as required.  
Please contact any of the clergy or churchwardens if you could help.

## AQUABOX APPEAL FOR VICTIMS OF THE TURKISH EARTHQUAKE

Many thanks for the swift and extremely generous response to my appeal for goods to fill Aquaboxes. Rotary have already sent 337 Aquaboxes to Turkey, including 7 from this area, and many more are being filled. Clothing and other items which are too large to fit in Aquaboxes are being packed and sent separately. Turkish Airlines are transporting all the goods free of charge.

*Susan Horner*

In this, our early autumn issue, we are very happy to congratulate members of our Young Church, and of course many others in the parish, who have been successful in their examinations. We send our best wishes to all who are going on to further education. Among them are Alice Taylor, who is starting veterinary college, and Geoffrey Nunn, who returns to Loughborough for his final year after a year working

at N.P.L. All the best also to Duncan Robinson whose job with the bank is taking him to Frankfurt.

Gill Gostling has started a new job in victim support in the Probation Service. We hope that Gill will be successful and happy in her new position.

Sadly, we have to inform you of the death of Frank Border, Sylvia and Reg's brother. Our love and sympathy to them in their bereavement.

Congratulations to Dick and Mary Wilde on the birth of two more granddaughters. Lydia Madeleine was born to Susan and Danny Rock in Perth, Australia on 28<sup>th</sup> August and Ellen Marcella to Sarah and Ted Fraser on 9<sup>th</sup> September.

We have been pleased to see Ruth Gostling back in Church again. We send good wishes for her continued recovery and hope that she will soon be completely well again.

Congratulations to David and Janet Lloyd on their 35<sup>th</sup> wedding anniversary. Don Barrett should be added to our bumper crop of golden birthdays mentioned last month as he, too, celebrates his 50<sup>th</sup> this year.

We have all seen Geoffrey Bowyer's prize pumpkins but you may not have heard that he won first prize for his shallots at Twickenham Allotment Society Show.

Many thanks to Gordon Stowell for designing the new Welcome cards that you will have seen on the pews. Newcomers are already using them to make themselves known to us.

## GRATITUDE

O Lord,  
My soul is full of gratefulness  
Because I know that "Thou art there",  
And here with Thy great creation -  
For Thou art everywhere.  
In heights of praise and love,  
In depths of sin and sorrow,  
Here each blessed day  
And here in each tomorrow.  
Thou art full of understanding mercy  
And endless loving kindness  
Giving guidance for Thy pathway  
And sight unto our blindness.  
Help us to truly serve Thee, Lord,  
In all we think and say and be -  
And make all Thy great creation  
Redolent of Thee.

Amen. Laus Deo.

Kath Brooks bought a cyclamen at the St. James's Fair last November which has flowered constantly ever since. Is this a record?

## PARISH WEEKEND 1999

Plans are well formed for this year's Parish Weekend. Past weekends have proved to be useful for the congregation as a whole, but also very rewarding for those who attend. Personal growth and new understandings of fellow parishioners have been particular features and we anticipate that this year's will reap similar rewards - the fun bit is taken for granted!

This year's theme is to be "Change" and we will consider various aspects of that as it concerns us as individuals and as a parish.

Residential accommodation is now full, but anyone prepared to travel daily to the Grail in Pinner would be very welcome. Please see or phone Ruth Mills (977 5165) if you would like to join us. The fee for day visitors would be £55. for the whole weekend. If anyone would like to come but can only manage one day, please speak to Ruth. Your presence is more important than your fee and if the fee is more than you can manage, please don't let that stop you!
